## 📌 **What’s Inside:**

### 1. **Pick a Niche You Won’t Get Bored Of**

Choose a topic you enjoy — you’ll stick with it longer and create better content.

### 2. **Find Products That Actually Sell**

Look for affiliate programs with high commissions, recurring revenue, and a solid reputation (like [Amazon](#), [Impact](#), or [ClickBank](#)).

### 3. **Create a Simple Website (Don’t Overbuild)**

Use [WordPress](#) and [Divi](#). Keep it clean, 3–5 pages max to start.

### 4. **Write 3 Useful Blog Posts**

Answer real questions your audience is already searching for. Use tools like [AnswerThePublic](#) or [Google Autocomplete](#).

### 5. **Build a One-Page Sales Funnel**

One clear offer + benefits + link = sales. Make it mobile-friendly!

### 6. **Use Pinterest or Quora for Free Traffic**

These are beginner-friendly platforms that can drive consistent visits with minimal tech.

### 7. **Start an Email List from Day One**

Use [MailerLite](#) or [ConvertKit](#) and offer a freebie to grow your list.

### 8. **Don’t Wait for Perfect – Launch Now**

You’ll learn more by doing. Get it out there, then improve.

### 9. **Track What Works (And Ditch What Doesn’t)**

Use [Pretty Links](#) for link tracking and [Google Analytics](#) for basic traffic.

### 10. **Scale Slowly – One Channel at a Time**

Master one traffic or content strategy before jumping to the next.
